

Enroll with Enrollment Key

Accessing courses at **Lung.Training** is a straightforward process tailored to the specific course. This guide is designed to assist you in accessing courses that require an **enrollment key**. Please note that an enrollment key is distinct from an access code, which is issued as a result of a group purchase. The American Lung Association program teams provide enrollment keys.

Step 1: Obtain the enrollment key.

- Email the course's program team to request the enrollment key. (See [Support](#) for more information.)
- Once you receive the enrollment key, it's time to register for an account. *Already have an account? If so, skip to Step 3.*

Step 2: Register for an account.

- Go to <https://lung.training/>.
- Click **Register** at the top-right of the page.
- Enter your information into the fields.
- Click **Register Now**. You're ready to sign in!

Note: Account registration occurs once. Upon returning to the site, sign in to revisit your course or enroll in another.

Step 3: Self-enroll using the enrollment key.

- After signing in, click **Home** at the top of the page.
- Scroll until you see the course for which you have an enrollment key.
- Click the course title to self-enroll.
- Type the enrollment key into the field and click **Enroll me**.
